## **Contol ATF Type A**

### **Product Description**

Contol ATF Type –A is Automotive Transmission Fluid (ATF) is blended with specially balanced additives. This product possesses high temperature oxidation resistance, dispersancy and detergency, anti-corrosion and rust-prevention characteristics. Its high viscosity index and low pour point permits smooth operation of some hydraulic equipment under varying climatic conditions.

### **Features Advantages and Potential Benefits**

- Low temperature fluidity.
- Good anti-wear properties.

### **Applications**

ATF Type-A is recommended for torque converters where Allison C-2 application is required. It can also be used in hydraulic systems, gear applications, power steering units and certain manual gearboxes.

### **Specifications**

Meets:  
Type/ Suffix A  
Allison C-2 Performance levels.

**Pack Sizes** : 210 L, 3.5 L, 3 L, 1 L, ½ L

### Typical Properties

Specific Gravity @15 Deg.C	0.878
Viscosity, ASTM D445	
cSt @40 Deg.C	39.0
cSt @100 Deg.C	7.3
Viscosity Index, ASTM D 2270	159
Pour Point, Deg.C, ASTM D 97	-36
Flash Point, Deg.C, ASTM D 92	210
Color, Visual	Red
